PATENTED: INDUSTRIAL: MIXING TECH PRODUCT LINE – DIVERSE GLOBAL MARKETS USA

2021 Est. Revenue: \$24,630,000
2021 Est. EBITDA: \$8,113,000

Company offers a unique, product scalable, mixing process technology and associated branded product line that is used to combine all types of hard-to-mix materials, including powders, slurries, extremely viscous pastes, and liquids worldwide.

The Company's core technology is superior to traditional processing methods in terms of speed, uniformity, dependability, and reduced waste.

The Company's equipment is being used by the world's top pharmaceutical companies, international manufacturers, and technology giants; nearly every US national laboratory; and US military branches and intelligence agencies.

The largest global markets for its products are energetics (explosives, propellants, pyrotechnics), pharmaceuticals, aerospace and defense, batteries, chemicals, electronics, and numerous other markets.

The superior mixing product Line has grown to over 1,000 installations in 30+ countries worldwide.

The Company has a continuing R&D presence in government and commercial markets. All inventing, design, prototyping, and production is performed in-house.

Sales have more than doubled to \$20+ million in 2020. The current owners are targeting a five+ year exit strategy for successful transition and to gain expertise /support for next-step growth plans. They wish to maintain an ownership interest/rollover equity and seek a private equity group or strategic corporate buyer who can assist opening doors and broadcasting the capabilities of the Company's technology
